

**2025**

# Controversies in Liver Disease and Transplant

**September 27**

Charlottesville, VA, at The Omni

## EXHIBIT OPPORTUNITY

CE Activity: [2025 UVA Controversies in Liver Disease & Transplantation](#)

**Date:** September 27, 2025

**Locations:** Live-streamed via Zoom and in person at the Omni Hotel, Charlottesville, VA

UVA Health Continuing Education, as the accredited provider for this conference, is pleased to inform you of the opportunity to reserve exhibitor space in conjunction with this conference.

## Conference Details

For complete details on our conference, including agenda, faculty, target audience, and objectives, please visit our [conference website](#).

## Exhibitor Fee:

The exhibit fee for one (1) 6' table, two (2) company representatives, and meals and breaks with conference presenters and attendees is \$980 if paid by credit card or \$1080 if paid by check.

## Exhibitor Registration and Payment:

Exhibitor registration and payment may be made online through the Industry tab of the [course website](#).

- First sign in to or create a CloudCME account.
- Then register through the blue **Exhibit At This Event** link on the page. As part of this process, you will agree to our exhibit agreement.
- Credit card payments can be processed as part of the website registration process. For a registration that opts for check/ACH payment, the confirmation email will include additional payment information.

The University of Virginia W-9 is available on the [conference website Industry page](#).

## Conference Overview

In this one-day conference, a team of multi-disciplinary experts will explore the latest developments in organ recovery, innovative treatments for liver tumors, and evolving guidelines in transplant decision-making. Expert-led sessions will highlight emerging techniques such as normothermic and regional perfusion, histotripsy, and strategies for managing alcohol-associated liver disease. Attendees will engage with case studies and dynamic Q&A sessions designed to drive equitable, expert patient care.

At the conclusion of this activity, learners will be able to:

- Demonstrate effective communication techniques to approach and engage donor families in end of life discussions with empathy, respect and cultural sensitivity.
- Evaluate the role of the donor care unit in optimizing organ recovery, focusing on medical management, post-mortem care and interventions that maximize donor organ quality and availability.
- Understand the evolving technologies and methodologies in deceased donor organ recovery including advancements in preservation, machine perfusion and organ viability assessment.
- Assess the feasibility and risks associated with transplanting medically complex organs, taking into account donor history, organ function and recipient suitability.
- Identify key factors contributing to geographic disparities in liver transplant availability, transplantation rates and access to healthcare resources.
- Understand latest advancements in interventional radiology techniques for the diagnosis and treatment of liver tumors.
- Identify key factors influencing surgical decisions in cirrhotic patients.
- Understand the unique challenges of anesthesia management in liver transplant recipients.
- Evaluate the role of alcohol abstinence in liver transplant eligibility, including the clinical and psychological assessments used to determine patient's readiness for transplant.
- Define post-transplant MASH and understand it's pathophysiology.
- Understand the indications for TIPS including role in managing portal hypertension, variceal bleeding and refractory ascites.
- Recognize the relationship between frailty and liver transplantation, focusing on frailty as a predictor of surgical complications, prolonged hospital stay and post-transplant morbidity.

#### Expected audience:

80 gastroenterologists, hepatologists, primary care physicians, physician assistants, nurse practitioners, nurses, and anyone involved with providing patient care for liver disease before, during and after transplantation.

#### Accrediting body:

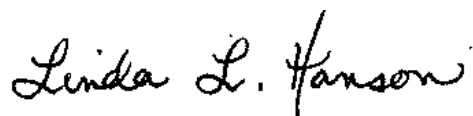

This program has been accredited by UVA Health Continuing Education for *AMA PRA Category 1 Credits™* (5.00 hours), AAPA (5.00 hours), ANCC Contact Hours (5.00 hours), CEPTC Category 1 (5.00 hours), Hours of Participation (5.00 hours), IPCE (5.00 hours), and Social Work ASWB-General credits (5.00 hours).

#### Organization Description:

UVA Health Continuing Education as a Joint Accreditation Provider adheres to the ACCME ***Standards for Integrity and Independence in Accredited Continuing Education***, released in December 2020, as well as Commonwealth of Virginia statutes, University of Virginia policies and procedures, and associated federal and private regulations and guidelines.

Thank you for your consideration. Please let me know if you need any additional information as you consider exhibiting at this conference.

Best regards,

Linda L. Hanson, MSM  
Program Manager, UVA Continuing Education
