CME ACTIVITY: 2025 Cardiovascular Disease in Women Conference

DATE: November 1, 2025

LOCATION: UVA Student Wellness Center, Charlottesville, Virginia

The University of Virginia Office of Continuing Medical Education invites you to support the Cardiovascular Disease in Women Conference, a new educational opportunity scheduled for November 1, 2025, at the UVA Student Health Center in Charlottesville, Virginia.

We expect approximately 100 physicians, physician assistants, nurse practitioners, nurses, and other healthcare providers to attend.

COURSE OVERVIEW: The Cardiovascular Disease in Women Conference has been designed to address critical gaps in clinician awareness and training regarding sex-specific differences in cardiovascular disease, such as SCAD, CMD, and hypertensive disorders of pregnancy. It aims to improve the application of guideline-directed therapies and increase the representation of women in cardiovascular clinical trials, thus enhancing evidence-based care. The program provides education on emerging diagnostic tools, risk stratification, and management strategies tailored to women's cardiovascular health. It also highlights systemic barriers and advocates for multidisciplinary care models to optimize outcomes. The activity is designed to enhance clinicians' understanding of sex-specific cardiovascular pathophysiology, improve their use of contemporary risk assessment tools, and encourage team-based care strategies. Additionally, it promotes increased participation of women in cardiovascular research.

DESIRED OUTCOMES: At the conclusion of this activity, the learners will be able to:

Recognize the unique cardiovascular challenges faced by women across different life stages, from pregnancy to advanced age.

Explore sex-specific differences in IHD pathophysiology and diagnostic testing, highlighting its unique phenotypes and conditions more commonly seen in women.

Understand the significance of gender-specific considerations in the management of valvular disorders and aortopathies.

Develop strategies for promoting comprehensive women's cardiovascular health, encompassing prevention, early detection, and tailored treatment approaches.

I have attached the conference brochure for your reference which includes the full agenda.

EXHIBIT OPPORTUNITY: We would be pleased to have your organization support this conference through an on-site exhibit. Our exhibit hall will be located in a separate space from the meeting area where the educational sessions will take place. This opportunity will be open to commercial support from other companies. The payment amount is for exhibit opportunities only.

EXHIBIT LEVELS:**Silver: \$2,500**

Exhibit table with 1 chair; 1 exhibit-only registrations (no access to educational sessions); Silver level recognition in program materials; Recognition in the Know-before-you-go email.

Gold: \$3,500

Exhibit table with 2 chairs; 2 full conference registrations with access to educational sessions; Gold level recognition in program materials; Recognition in the Know-before-you-go email.

Organization Description: UVA Health Continuing Education, as a Joint Accreditation Provider, adhere to the ACCME Standards for Integrity and Independence in Accredited Continuing Education, released in December 2020, as well as Commonwealth of Virginia statutes, University of Virginia policies and procedures, and associated federal and private regulations and guidelines. As the accredited provider for this CE/IPCE activity, we are responsible for ensuring that healthcare professionals have access to professional development activities based on best practices and scientific integrity that ultimately support the care of patients and the public.

If you would like to exhibit, please email al9u@uvahealth.org and include your anticipated level of support. To complete the registration and provide payment information, visit <https://uva.cloud-cme.com/25cvw> and select the Industry Tab
